

HSE fully funded joint health and safety representatives and managers workshops

HSE are funding 100% of the cost for organisations to participate in workshops on workforce involvement attended by both health & safety representative and line managers. There are two types of event available:

1. Workforce Involvement Best Practice

The training aims to improve the working relationship between managers and safety representatives by encouraging collaboration through effective communication, sharing of best practice and engaging in joint problem solving.

2. The Role of Workforce Involvement in one of the following:

- ✓ Risk Assessment
- ✓ Working at Height
- ✓ Hand Arm Vibration
- ✓ Stress
- ✓ Conflict Resolution
- ✓ Joint inspections/accident investigation
- ✓ Musculo-skeletal disorders/manual handling

The aim of this training is to improve health and safety through exploring the role of workforce involvement in the above key areas.

Workshops can be delivered in-house or in conjunction with other organisations as open events and are open to any size of organisation, from any sector providing they have elected or appointed health and safety representatives. Participating organisations will have an identified need to further develop their health and safety consultation arrangements.

For further information including how to arrange workshops call the training team at Premier Partnership (the HSE's retained training provider) on **01302 349629** or email **doyourbittrainingteam@premier-partnership.co.uk**
