BUSINESS CONTINUITY SEMINAR

Improving Resilience: Reducing Risk

Thursday 27th April 2016 (09.30 – 15.15)

National Metalforming Centre (Nr M5 Junction 1)

If your business were to suffer a serious incident or catastrophic event – internal or external, natural or man-made – would you be able to recover from it?

With an emphasis on 'Simple, Visual and Practical' expert practitioners will help you answer 'yes' and understand and put in place the necessary arrangements for:

- Recognising the threats
- Managing the crisis
- Improving resilience
- Keeping the business alive

Please complete the Booking Form (opposite / back page).

Liz Prophett Tel: 07881 290238; Email: secretary@bhsea.org.uk for further information. BHSEA Website: <http://www.bhsea.org.uk>

Cost including refreshments, buffet lunch and 'toolbox':

- Members (paid-up) £50 + VAT
- Non-member £75 + VAT includes membership until June 2017

Speaker Profiles / Sponsors

George Allcock has over 35 years health and safety management, consultancy, training and engineering experience in a wide range of businesses. His last full time position (1997 – 2008) was Group Safety Adviser for GKN plc having 50,000 employees in 40 countries. With his focus on leadership the Group's accident rates fell in each and every year to be a benchmark for many others. He is currently chair of Birmingham Health, Safety and Environment Association.

Sean Elson is a partner at Pinsent Masons with a focus on health and safety. He provides advice for all sectors of industry and represents clients during Coroners' Inquests and investigations by the HSE and police. He has particular experience with construction and manufacturing clients. Sean is Secretary of the Health and Safety Lawyers Association and is a Trustee and Director of the Construction Health and Safety Group. He has written and lectured widely on legal health and safety issues..

Adrian Simmonds qualified as an Electrical & Electronic Engineer working for Marconi and GEC before moving to be a risk consultant firstly with Factory Mutual Insurance and then BOC. As senior risk manager with QBE since 2009 his focus is on property risk management and business risk resilience strategies with the primary aim of helping clients protect their assets and their people. He is a Chartered Engineer with insurance, risk and business continuity qualifications and recently a NEBOSH Certificate.

West Midlands Fire Service

Dominic Louks has over 13 years' experience in the fire industry and took on the new position of RISC Authority Manager in June 2014 having previously worked for the FPA as Marketing Executive. He is the principal contact for members and his role includes communications, project planning, improving stakeholder engagement and increasing awareness of the RISC Authority. He sits on the RISC Authority members forum, executive committee, Fire Sector Federation and BAFE marketing groups.
